<b>Important notes</b>	<p>a) There is always the possibility that Import duty, VAT and excise be applied for import of HHG and cars and this is subject at cost. Customs orders if import duty, VAT and excise must apply based on the available documents, packing list, value declaration and period and reason of stay abroad. Final decision is upon Customs Chief. In most cases a tax of 5-20% and VAT 20% applies.</p> <p>b) As of 2009-2010: the EU has introduced new data to be filled in the Customs declarations called EORI number. In order to facilitate the procedure we advise Customers to authorize their destination agent to obtain the EORI number on their behalf with <i>a power of attorney</i> legalized by a notary. For all incoming and outgoing shipments out of EU where you need to complete a Customs declaration your destination agent will need <i>a second power of attorney</i> from Customer to obtain on his behalf EORI number ad hoc.</p>
